## LOADING / UNLOADING: REGISTRATION ON LOGIPASS

ANY VEHICLE (exhibitors, decorators, service providers, subcontractors, caterers, etc.) wishing to enter the Paris Expo Porte de Versailles during the setup and dismantling periods must be previously registered on the following website: <https://logipass.viparis.com/>

Please note: You can modify your license plate until your arrival on site.

For any questions: [contact-logipass@e-viparis.com](mailto:contact-logipass@e-viparis.com) / +33 (0)1 40 68 11 30

Attention - as soon as the vehicle is unloaded, it must leave to park:

- In parking P6 for light vehicles (height < 1.90 m)
- In the Heliport parking lot for utility vehicles (< 3.5 t) and heavy trucks (pick up a parking sticker at the Viparis information point located next to the Relay H)

See parking details below.

## PARKING

	Light vehicles (height < 1.90 m)	Utility Vehicles (< 3,5 t)	Heavy truck
During the setup and dismantling days	P6 Parking: free parking	Once the vehicle is unloaded, collect the parking sticker to park at the Heliport at the Information Point (next to the Relay).  Free parking with the sticker.	
During the show days	P6 Parking: charged parking  Order light vehicles parking space(s) : <a href="http://viparisstore.com">viparisstore.com</a>	Héliport : charged parking  Order utility vehicles / heavy truck parking space(s) : <a href="http://viparisstore.com">viparisstore.com</a>	

## PARCELS DELIVERY ON-SITE

**Attention : On-site, there will be no storage space, and no parcels will be received or stored by the Paris Expo Porte de Versailles teams prior to the setup.**

For this service, please contact logistics provider :

CLAMAGERAN

Marlène SERENAME | [m.serename@clamageran.fr](mailto:m.serename@clamageran.fr) | +33 (0) 1 57 25 18 02

<http://www.clamageran.com> | [Order form to download](#)

If you wish to send one or more parcels, this will only be possible during the setup days (Monday, June 2nd and Tuesday, June 3rd) and by meeting the following conditions:

- Complete the parcel labs : [to download here](#)
- A representative from your company must be present to receive the parcels : no parcels will be received by either the DRIVE TO ZERO team or the VIPARIS team. Deliveries and returns will be the full responsibility of the exhibitors. The event organizers or VIPARIS cannot be held liable.

## CATERERS

No exclusivity is granted for conducting activities at Paris Porte de Versailles. Consequently, exhibitors may choose either caterers installed on-site (Horeto) or caterers approved by the Viparis administration.

All caterers are authorized to provide services at the venue, provided they register with VIPARIS prior to performing the service and finalized a temporary service contract based on a fee.

Contact : VIPARIS – Mme Myriam MOTTIN | + 33 (0)7 60 86 65 23 | [myriam.mottin@viparis.com](mailto:myriam.mottin@viparis.com)

Without this approval, access to the venue will be denied.

## STAND SECURITY / GENERAL SURVEILLANCE

### Stand and exhibitor booth surveillance :

The organizer of DRIVE TO ZERO is responsible, as an obligation of means and not of results, for the general surveillance of the event to ensure the safety of individuals. However, they are in now responsible for the security of safeguarding of exhibitors' goods. Exhibitors must take all necessary measures to protect their goods and equipment at their stands and guard against the risk of theft, particularly during the setup and dismantling period.

During the exhibition hours, exhibitors must continuously monitor their displayed items.

### Theft prevention :

Due to the increase in thefts observed during the setup and dismantling phases and during the public opening period, the following basic rules must be applied by exhibitors:

- Do not leave personal items in plain sight (wallets, handbags, briefcases, etc.)
- Advise your clients during meetings (placing bags on the floor, jackets on the back of chairs, etc.)
- Do not leave phones and laptops unattended
- In the evening, make sure to store all valuable items (laptops, phones, etc.) in a locked location or, better yet, take them with you.

## REMINDER

Equipped booths are dismantled as soon as the dismantling period begins. We kindly ask you not to leave anything unattended at your booth or in the storage area, even if it is locked (the walls of the storage are also dismantled at the start of the dismantling phase).

## ADVERTISING DISTRIBUTION

Any distribution (of documents, promotional items, etc.) or any other form of action outside the boundaries of your stand is strictly prohibited within the premises of the DRIVE TO ZERO 2025 exhibition, including in the interior and exterior aisles. Any exhibitor failing to comply with this rule will have all of their documents and/or items seized by the event organizers with no subsequent return.

In case of non-compliance, particularly in the event of a repeat offense, the organizer may be forced to close the stand (if necessary, by cutting off the power supply).

## DAILY CLEANING

For cleaning services, it is mandatory to place an order through the order form available in your online exhibitor account (stand cleaning).

## WASTE REMOVAL

For cleaning services, it is mandatory to place an order via the order form (available in your exhibitor account or upon request via email: [exposants.dtz@infopro-digital.com](mailto:exposants.dtz@infopro-digital.com))

Your space must be returned in its original condition. All waste (carpet, debris, adhesives, etc.) must be removed. Goods and installations that are not cleared by the deadlines will be disposed by our cleaning service provider and charged to the exhibitor at a later time.

To facilitate the removal of waste and structures during dismantling, you can order waste removal by cubic meter and/or DIB and wood bins by placing an order via the order form available in your Exhibitor Account > My technical information

The exhibitor is responsible for all of their service providers.

We kindly ask you to share this information with your forwarders, transporters, decorators, etc.
